

SunPower One home energy system

The power's in your hands

SUNPOWER

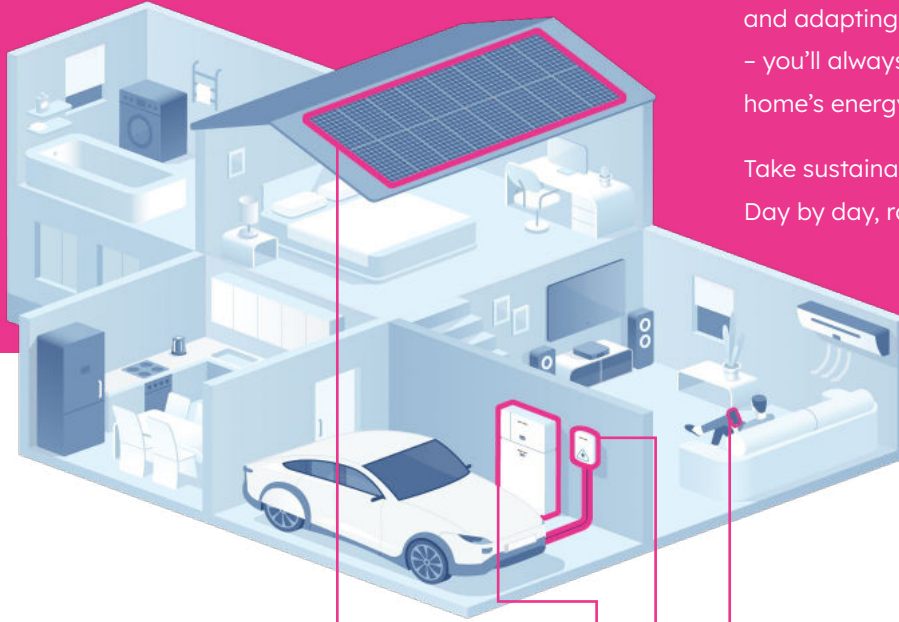

FROM MAXEON
SOLAR TECHNOLOGIES

One seamless system for smarter solar

Meet SunPower One, the all-in-one system that's brought to you by a trusted energy brand, powering the homes and businesses of more than 1 million customers around the world.

Solar panels, EV chargers, batteries and digital services¹ seamlessly work together so you can live sustainably, your way. And because SunPower One can grow with you - learning and adapting as your needs evolve - you'll always be in control of your home's energy.

Take sustainable living step by step. Day by day, ray by ray.

SunPower solar panels

Backed by industry-leading warranties, SunPower technology is sustainably produced and designed to last. SunPower panels perform no matter the weather and create clean and reliable power every day to save you more.

SunPower Reserve storage system

Store and save solar energy yourself and use it whenever you need it. And if there's an outage, the system reliably kicks in - you might not even notice it's happened.

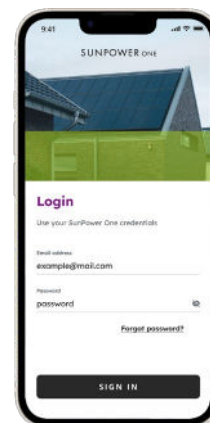

SunPower Drive EV charger

A smart choice - the SunPower Drive EV charger identifies the most efficient time to charge your vehicle to maximise the impact of your solar power. Ready to go further? The SunPower Drive EV Charger is here so you can charge your car directly from your system and take your solar power on the road. Your sun, your way.

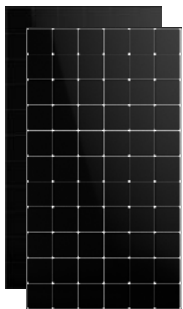

SunPower One app

Our app can shed light on how your whole home uses power. You can discover exactly how much energy you need and learn the most efficient ways to use it.

Easily check how much your system is generating and change your settings from anywhere - keeping you in charge of your energy.

Making energy-saving easy

Meet SunPower One, a buildable home energy system brought to you by a trusted energy brand, powering the homes and businesses of more than 1 million customers around the world. Ever seen the kilowatts you've used and thought kilo-what? Now, SunPower One home energy insights³ make energy-saving easy to understand and act on. Easily see the money and carbon you're saving – not just the energy you make – to better understand the value of your solar system. And you'll see the impact of every change by seeing your trends improve over time. It's time to make energy make sense.

A solar system that revolves around you

Discover exactly how much energy your home generates and uses in real-time. Expose devious power-hungry appliances – yes, any electric device, not just your SunPower ones – with expert tips on how to save more energy. And if you've got any questions, you can get support at the touch of a button.

3. SunPower One home energy insights requires the purchase and installation of the SunPower Reserve home energy system. Some products and features may not be available in all regions. SunPower One services are subject to separate terms and conditions, including agreement to Maxeon's and third-party service providers' privacy policies acceptance.

The trusted way to take control of your power bills

Better technology for the planet (and your pocket)

A lot can change in 40 years. We should know, we've been in the business for nearly that long. That's why we offer an industry-leading 40-year warranty¹ on our flagship panels, so you know you've got technology that's designed to last. Day in, decade out, your panels will produce more energy than standard ones². And together with chargers, batteries and other top notch components, they will provide a best in class solution for a better return on your solar investment. Oh, and panel manufacturers who give out warranties knowing their tech isn't up to the task? We're onto you.

Built-in obsolescence? Not on our watch

All the components of your SunPower One ecosystem boast some of the strongest warranties in the market. So that you'll enjoy long-lasting protection and avoid the carbon footprint of replacing poorly-made alternatives. And you'll live a little more sustainably, zero effort required.

Designed for individuals. Built by community.

There are 1700 SunPower partners worldwide, but only one of you. That's why one of our partners will meet with you and get to know exactly what you're looking for. They'll create an expert, tailor-made solution that fits what you're after today, with room to adapt as your needs evolve. You can rest easy knowing you've not only got a perfect system, but your perfect system.

1. SunPower Maxeon solar panels are backed up backed up by a 40-year warranty. Subject to terms and conditions. Not available in all countries. 40-year warranty requires registration, otherwise our 25-year warranty applies

2. Based on PVSYS simulations in typical climates; PAN files are third-party verified; compared to leading mono PERC panel

**Hello
sunshine!**

A brighter tomorrow: that's what we believe in

Every day, energy keeps your world going.

It powers all the small moments that make your life yours, from a home cooked meal or party in town to laundry day. But what if each dinner, car ride or spin cycle helped make our planet a better place?

Every day, you make so many small decisions. Let's make each of them count.

We put the power in your hands. With our world renowned solar panel technology and intelligent energy solutions, you'll have the confidence to take the right action. And build a cleaner, smarter and brighter tomorrow.

Because as sure as the sun will rise again tomorrow, it's your decisions that help make the most of the new day. Harnessing your sun, your energy and your power.

Big dreams start with small steps. Day by day, ray by ray.
